1. Introduction

1.1.Overview of the system

SP generic billing system is a web based application system designed to be used by MoFP employees, MDA employees and LGA employees who are key stakeholders in the process of collecting Government Revenue.SP generic billing sytem provides a robust billing management system that automatically tracks activities and revenue. SP generic billing system enables you to perform many common business tasks, including:

- Bill creation
- Easily access of information about bills created and payments records.
- Reconciliation of transactions.
- Generation of revenue collection reports.

1.2.User Manual Overview

This user manual provides information regarding the setup and use of the SP generic billing system. Reviewing the user guide can help you make informed decisions regarding the implementation of the enhanced SP generic billing system.

1.3. What is Covered in the User Manual ?

The user manual consists primarily of procedures and steps that describe how to perform various tasks in the sp generic billing system. The User Manual provides instructional support and guidance to Authorized registered users of Government Electronic Payment Gateway (GePG). The manual focuses on access, navigation, use and management of the system to users.

1.4. Who Should Use the User Manual ?

The user manual is designed for GePG administrators and users who are new to SP generic billing system. The guide provides the information necessary to set up and operate a successful sp generic billing system.

1.5. System requirements

The SP generic billing system can be accessed using an electronic device or a computer system with the following minimum specifications :-

- Web browser
- A viable internet or network connection.

2. Features

The Government Electronic Payment Gateway (GePG) has been designed using the latest technology to ensure real time interactivity and includes multiple features as listed below:

- Login Page
- Home Page / GePG Dashboard
- User Profile
- User Management
- Bill Management
- Payments
- Collections
- Reports
- Settings

2.1. Login page

In order to login to the GePG, you need to have defined credentials that are username and password. Then you can access the system through the URL <http://billing.gepg.go.tz>

The following are steps to Login :-

- i. Enter your username
- ii. Enter your password
- iii. Click log in

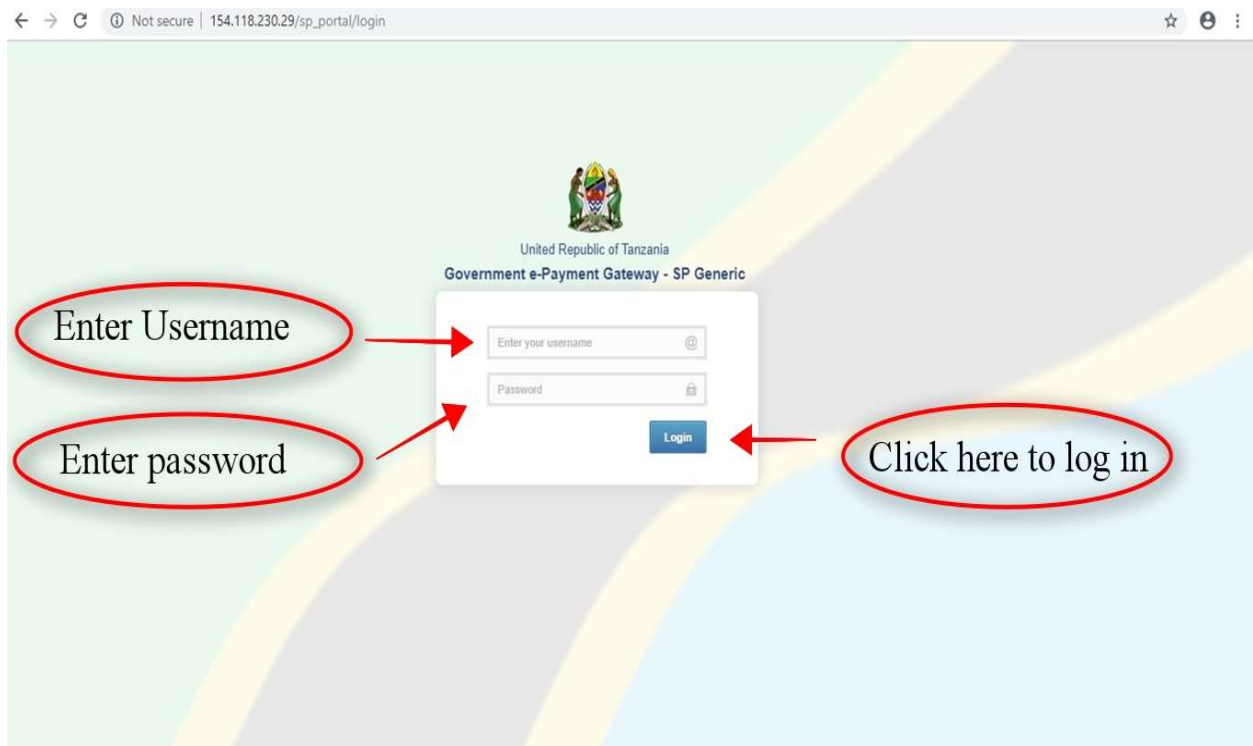

Figure 1 : Log in page

NOTE : If you don't have log in credentials please contact your system administrator .

After log in successfully, your screen will look like this. (GePG dashboard) .

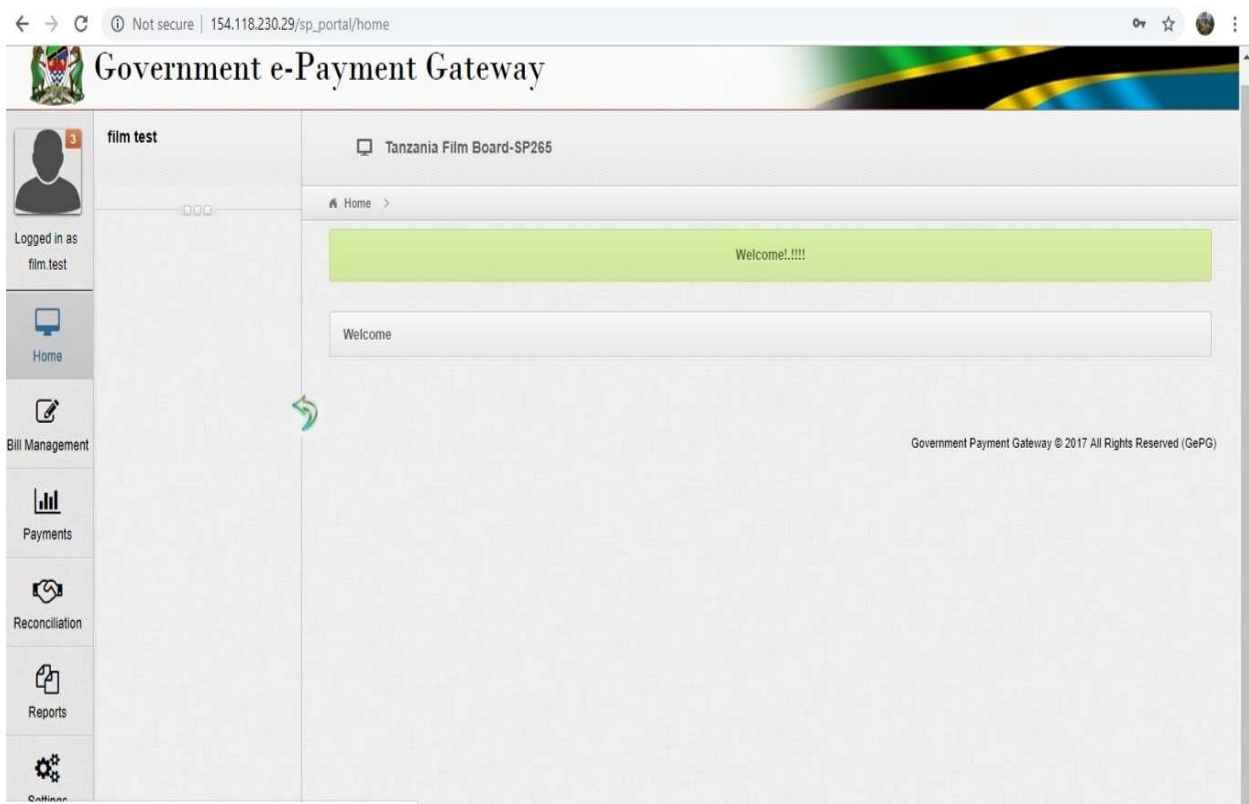

Figure 2 : Homepage

2.2. User profile

This feature contains your (user's) personal information including user details modifications and log out functionality. You may be able to make changes to your user profile.

2.2.1. To edit user profile

Click once on User profile picture at the top left corner of homepage. Then my profile and log out features will be displayed as show in the picture below :-

Figure 3 : User profile

1. To edit user profile , click my profile and change any editable field to modify User's profile personal information such as email address, address and phone number.
2. Click my profile and change any editable field to modify User's profile personal information such as email address, address and phone number.
3. Click update  to save the changes .

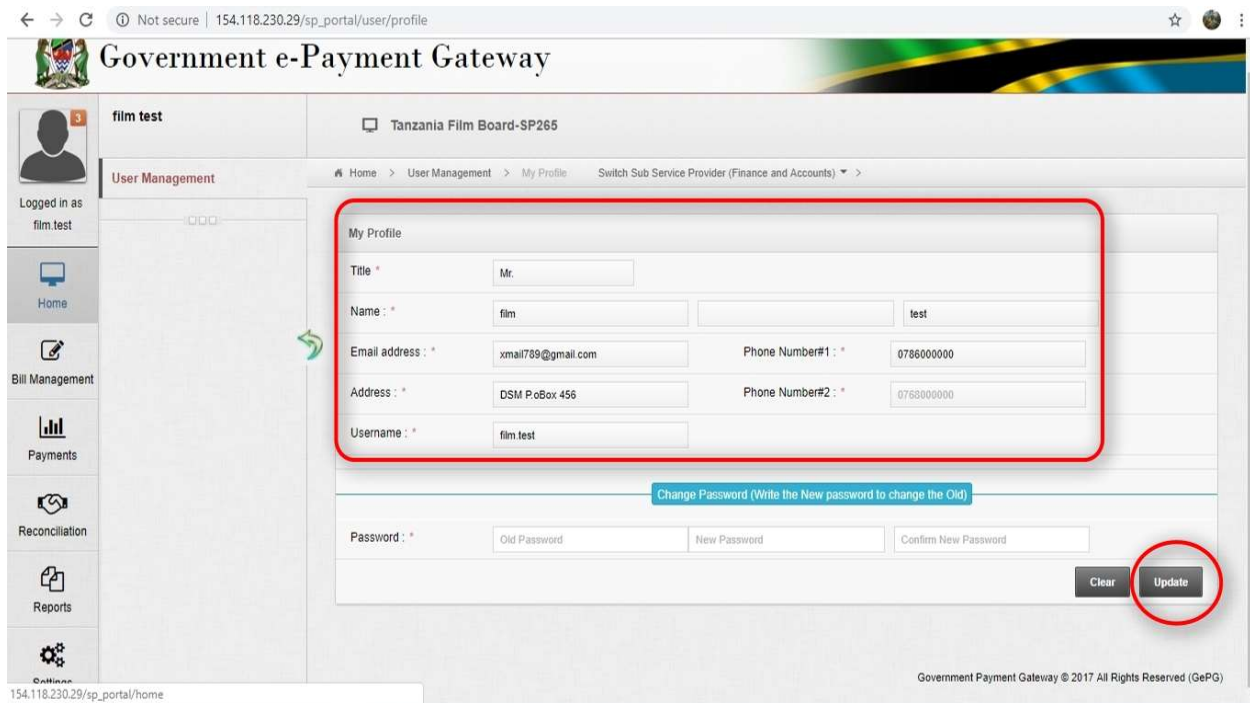

Figure 4 : Editing user profile details

2.2.2. To change password

1. Click in New Password field and enter New Password (if you want to change your current password).
2. Re-enter the new password in the Confirm Password field for confirmation.
3. Click **Update** to save the changes.

Figure 5 : Changing password

3. Bill management

GePG provides bill management to facilitate bills preparation and reporting by various Service providers . The feature involves creation of bills , searching for bills as well as creation of bills in bulk.

3.1. To create Bill

1. Click “ Bill Management” (Create Bill , Search Bills, create bulk bill ,bulk bill history and bulk bill CTN file will be displayed).
2. Click Create Bill (The Bill Creation form will be displayed)
3. Fill Payer’s information (i.e. Payer Name, Bill Description, Email address and Phone number) as shown in the figure below: -

3.3. To cancel bills

Click the “  ” option at the right most part of the row if you want to cancel bill details.

The screenshot displays a web application interface for bill management. On the left is a sidebar with navigation icons for Home, Bill Management, Payments, Reconciliation, Reports, Settings, and Help Desk. The main area is titled 'Search Bill' and contains several input fields: 'Enter Bill Type' (a dropdown menu), 'Control Number' (CZ1259897), 'Bill Reference' (CZ1259897), 'Date From' and 'Date To' (both empty with '(dd-mm-yyyy)' format), 'Payer Name' (empty), and 'Search bulk Bills' (a dropdown menu). There are 'Clear' and 'Search Bill' buttons at the bottom right of the search section. Below the search section is a 'Bill List' table with a search bar and 'Show entries' set to 10. The table has columns for Date, Payer, Bill Control Number, Billed Amount, Paid Amount, Currency, Outstanding, Expire Date, and Options. Two rows of bills are visible, both from 'chumasitta@gmail.com' with a billed amount of 500.00 and an outstanding amount of 500. The 'Options' column for each row contains an eye icon and a cancel icon (an 'x' inside a circle). A red circle with the number '7' and a red arrow points to the cancel icon in the second row. At the bottom of the table, it says 'Showing 1 to 2 of 2 entries' and includes navigation buttons for 'Previous', '1', 'Next', and 'Last'.

Date	Payer	Bill Control Number	Billed Amount	Paid Amount	Currency	Outstanding	Expire Date	Options

3.4.3. Bulk bill CTN File

To download file consists of records with control numbers, you must

1. Click "Bulk bill CTN File " tab.
2. Then you must click "download CTN file " button to download the file.

The screenshot shows the user interface of the Government e-Payment Gateway. The user is logged in as 'film Test'. The main menu on the left includes options like 'Create Bill', 'Search Bills', 'Create Bulk-Bills', 'Bulk-Bill History', and 'Bulk-Bill CTN File'. The 'Bulk-Bill CTN File' option is highlighted with a red box and labeled with a red circle '1'. The main content area displays a table titled 'Bulk-Bill Batch List' with columns for 'BulkBillBatch', 'Time Initiated', 'Total Items', 'Items Pass %', 'Items Fail %', 'CTN %', 'Download CTN File', and 'Download Errors'. The table contains one entry, with the 'Download CTN File' button highlighted by a red arrow and labeled with a red circle '2'. The footer of the page reads 'Government Payment Gateway © 2017 All Rights Reserved (GePG)'.

BulkBillBatch	Time Initiated	Total Items	Items Pass %	Items Fail %	CTN %	Download CTN File	Download Errors
265263401586938546	31 minutes ago	999	99 %	1 %	99 %		

Figure 12 : Downloading Bulk Bill CTN File

NOTE . There would be errors in records within the file. These errors will cause some of the records not to be processed and get control numbers.

These may cause some of the records not to be present on the file. To download file consisting of errors click on “ Download errors “ tab as shown in the figure below .

The screenshot displays the 'Bulk-Bill Batch List' interface. The left sidebar contains navigation options: Bills, Home, Bill Management, Payments, Reconciliation, Reports, Settings, and Help Desk. The main content area shows a table with columns: BulkBillBatch, Time Initiated, Total Items, Items Pass %, Items Fail %, CTN %, Download CTN File, and Download Errors. A red box highlights the 'Download Errors' button for the first entry, which is also pointed to by a red arrow. The footer text reads 'Government Payment Gateway © 2017 All Rights Reserved (GePG)'.

BulkBillBatch	Time Initiated	Total Items	Items Pass %	Items Fail %	CTN %	Download CTN File	Download Errors
265263401586938546	31 minutes ago	999	99 %	1 %	99 %		

Figure 13 : Downloading error found on file

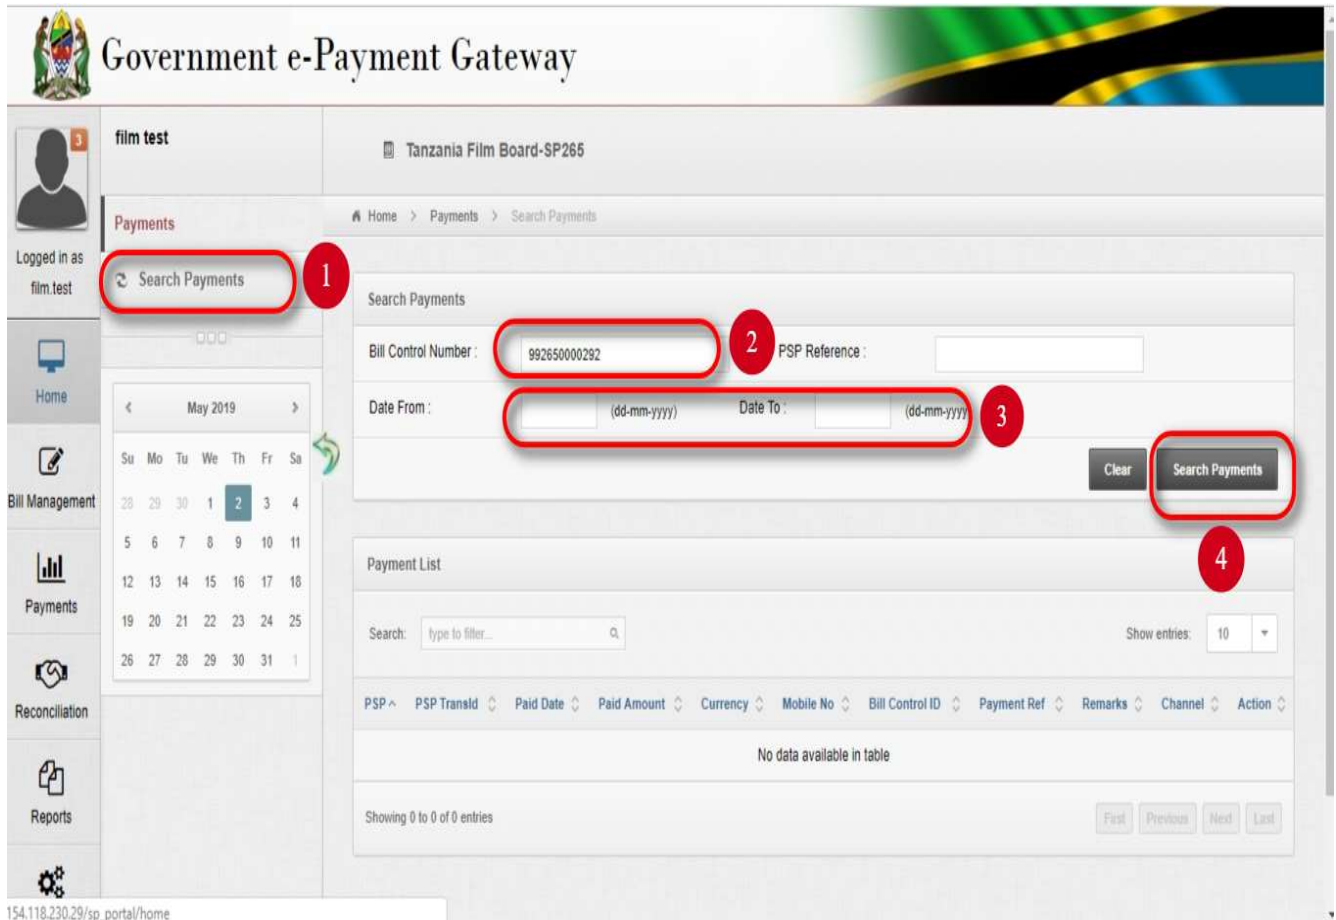

4. Payment

This feature allows user(s) to Search and View details of the Payments made through Payment Service Providers (PSP).

4.1. Search for Payment

To search for payment follow the following steps :-

1. Click on Payment.
2. Click on "Search Payments"
3. On the date filter select date
4. Click search payments "  " to view payments .

The screenshot displays the 'Government e-Payment Gateway' interface. The user is logged in as 'film test'. The main content area shows the 'Search Payments' form. The 'Bill Control Number' field contains '99265000292'. The 'Date From' and 'Date To' fields are empty. The 'Search Payments' button is highlighted with a red circle and the number 4. A calendar widget is visible, showing the date '2' selected in May 2019, highlighted with a red circle and the number 3. The search results table is empty, showing 'No data available in table'.

Figure 14 : Search for payment

5. Reports

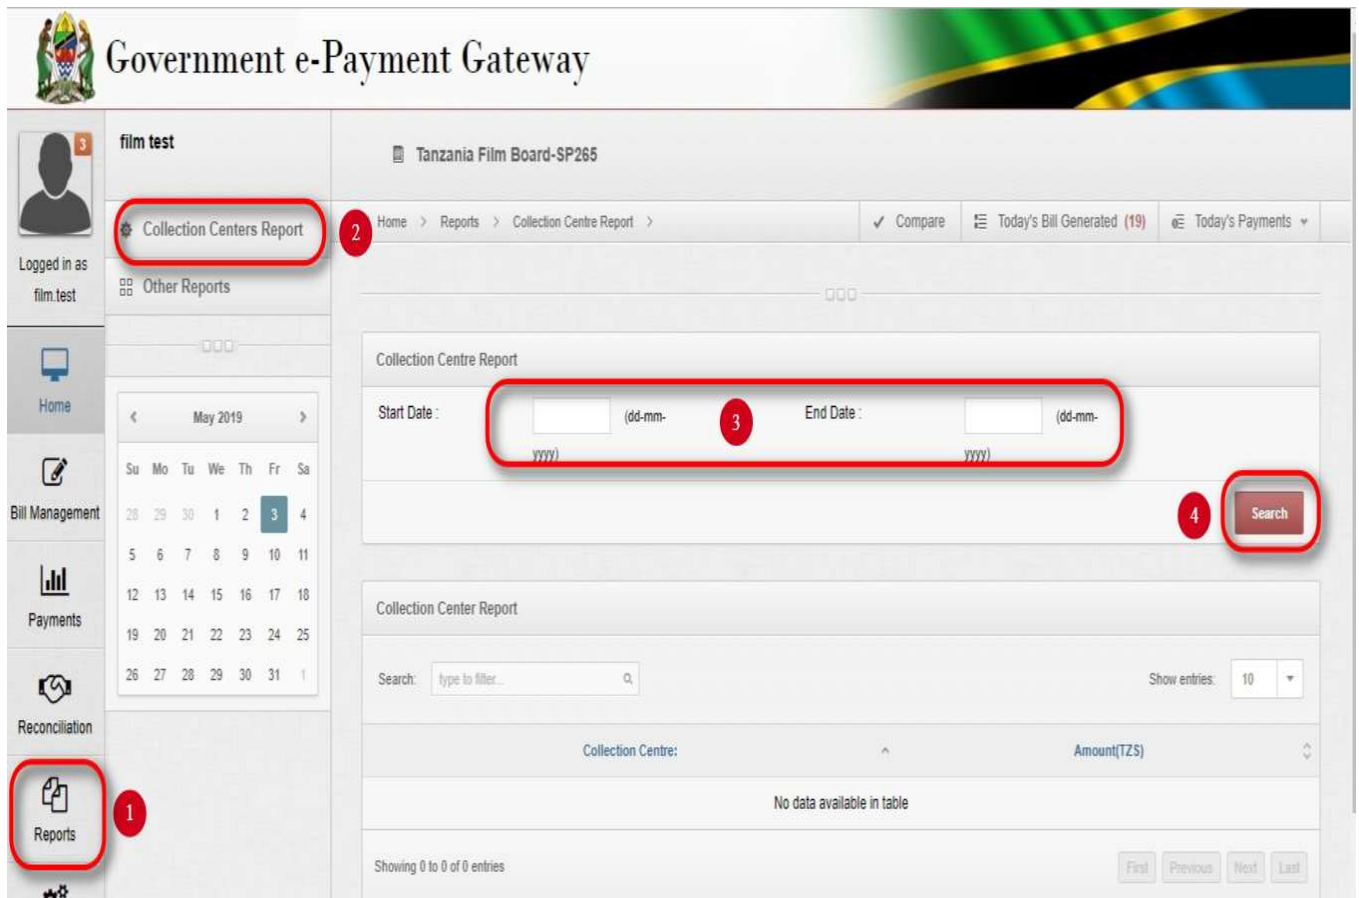

This section contains the standard reports offered with the SP generic billing system. This allows user(s) to have a well-formatted and organized presentation of data that have been processed and stored by the system.

5.1. Collection centres reports

Use the collection centres reports to view a summary of all collection centres collections through the specified cutoff date.

To view collection centres reports follow the following steps :-

1. Click Report
2. Click collections centres reports.
3. In the filter select date range i.e date from to date to.
4. Click " Search "  to get the Report based on search criteria.

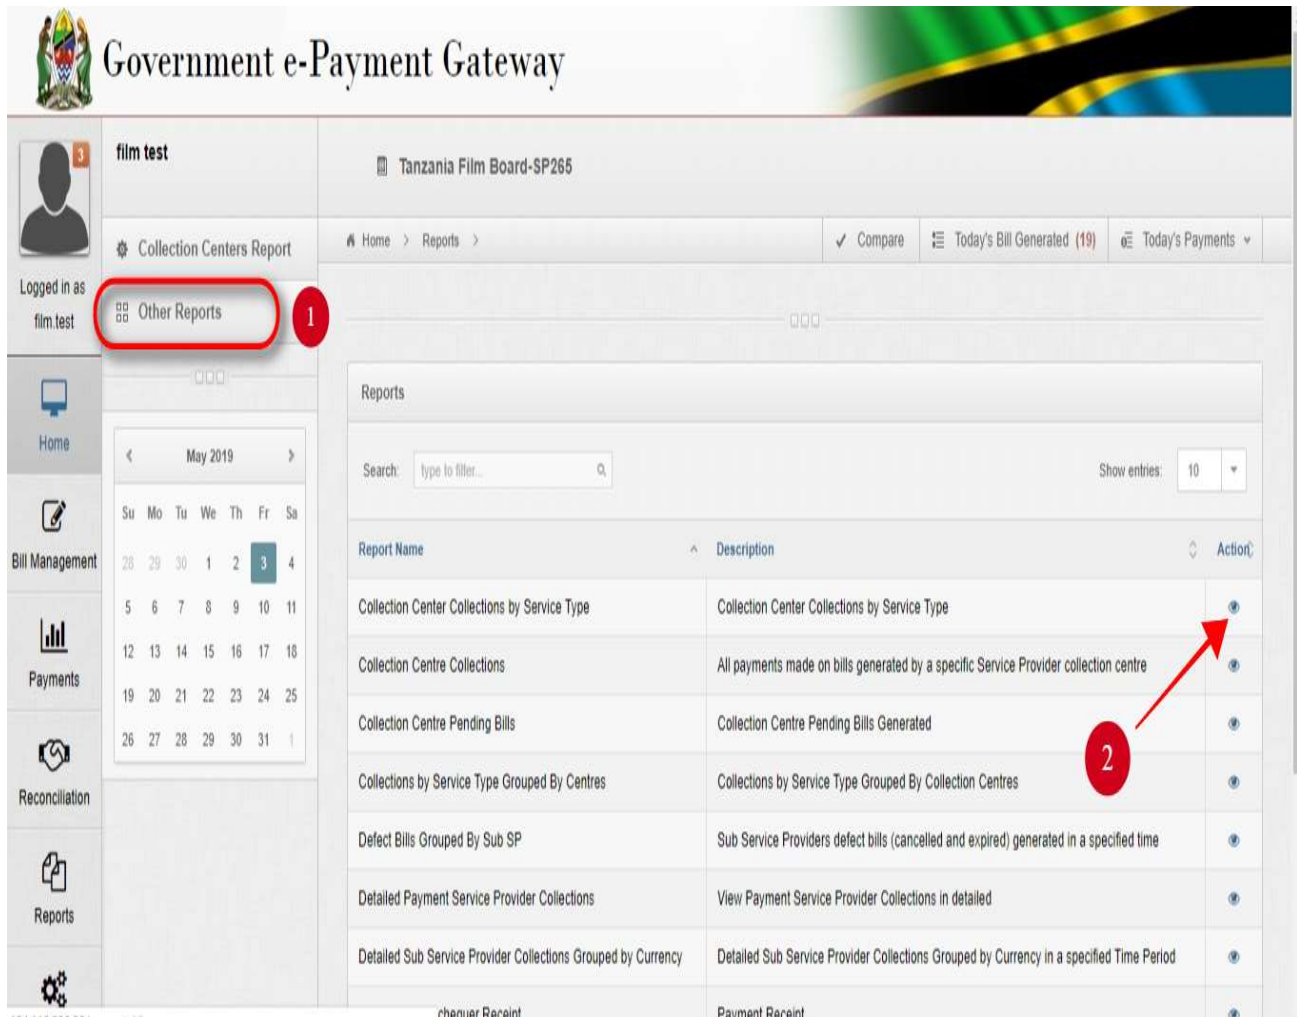

The screenshot displays the 'Government e-Payment Gateway' interface for the 'Tanzania Film Board-SP265' user. The left sidebar contains navigation icons for 'Home', 'Bill Management', 'Payments', and 'Reports'. The 'Reports' icon is highlighted with a red circle and the number '1'. The main content area shows the 'Collection Centers Report' page. The breadcrumb trail is 'Home > Reports > Collection Centre Report', with 'Collection Centers Report' highlighted by a red circle and the number '2'. The 'Start Date' and 'End Date' fields are highlighted with a red circle and the number '3'. The 'Search' button is highlighted with a red circle and the number '4'. The table below the form is empty, displaying 'No data available in table'.

Figure 15 : Reports

5.2. Other reports

GepG includes many other system reports that can be used to gain insights into how collection is going on.

Navigate to eye-like icon “  ” then click to view reports details.

The screenshot displays the Government e-Payment Gateway interface. The header shows the logo and the title "Government e-Payment Gateway". The user is logged in as "film test" and is viewing the "Tanzania Film Board-SP265" page. The navigation menu includes "Home", "Collection Centers Report", and "Other Reports" (highlighted with a red circle '1'). The main content area shows a list of reports with columns for "Report Name", "Description", and "Action". The "Action" column contains eye icons, with one icon (highlighted with a red circle '2' and an arrow) indicating that the report can be viewed in detail.
