		<p>Change falls within the general scope of the Facilities and does not constitute unrelated work and that it is technically practicable, taking into account both the state of advancement of the Facilities and the technical compatibility of the Change envisaged with the nature of the Facilities as specified in the Contract.</p> <p>40.1.2 The Contractor may from time to time during its performance of the Contract propose to the Employer (with a copy to the Project Manager) any Change that the Contractor considers necessary or desirable to improve the quality, efficiency or safety of the Facilities. The Employer may at its discretion approve or reject any Change proposed by the Contractor, provided that the Employer shall approve any Change proposed by the Contractor to ensure the safety of the Facilities.</p> <p>40.1.3 Notwithstanding GCCs 40.1.1 and 40.1.2, no change made necessary because of any default of the Contractor in the performance of its obligations under the Contract shall be deemed to be a Change, and such change shall not result in any adjustment of the Contract Price or the Time for Completion.</p> <p>40.1.4 The procedure on how to proceed with and execute Changes is specified in GCCs 40.2 and 40.3, and further details and sample forms are provided in the Sample Forms and Procedures section in the Tendering Documents.</p>
		<p>40.2 <u>Changes Originating from Employer</u></p> <p>39.2.1 If the Employer proposes a Change pursuant to GCC 40.1.1, it shall send to the Contractor a "Request for Change Proposal," requiring the Contractor to prepare and furnish to the Project Manager as soon as reasonably practicable a "Change Proposal," which shall include the following:</p> <ul style="list-style-type: none"> <li>(a) brief description of the Change</li> <li>(b) effect on the Time for Completion</li> <li>(c) estimated cost of the Change</li> <li>(d) effect on Functional Guarantees (if any)</li> <li>(e) effect on any other provisions of the Contract.</li> </ul>

40.2.5 If before or during the preparation of the Change Proposal it becomes apparent that the aggregate effect of compliance therewith and with all other Change Orders that have already become binding upon the Contractor under this GCC 40 would be to increase or decrease the Contract Price as originally set forth in Article 2 (Contract Price) of the Agreement by more than fifteen percent (15%), the Contractor may give a written notice of objection thereto prior to furnishing the Change Proposal as aforesaid. If the Employer accepts the Contractor's objection, the Employer shall withdraw the proposed Change and shall notify the Contractor in writing thereof.

The Contractor's failure to so object shall neither affect its right to object to any subsequent requested Changes or Change Orders herein, nor affect its right to take into account, when making such

		<p>subsequent objection, the percentage increase or decrease in the Contract Price that any Change not objected to by the Contractor represents.</p> <p>40.2.6 Upon receipt of the Change Proposal, the Employer and the Contractor shall mutually agree upon all matters therein contained. 41.	Extension of Time for Completion	41.1	<p>The Time(s) for Completion specified in the SCC shall be extended if the Contractor is delayed or impeded in the performance of any of its obligations under the Contract by reason of any of the following:</p> <ul style="list-style-type: none"> <li>(a) any Change in the Facilities as provided in GCC 40</li> <li>(b) any occurrence of Force Majeure as provided in GCC 38, unforeseen conditions as provided in GCC 36, or other occurrence of any of the matters specified or referred to in paragraphs (a), (b) and (c) of GCC 33.2</li> <li>(c) any suspension order given by the Employer under GCC 42 hereof or reduction in the rate of progress pursuant to GCC 42.2 or</li> <li>(d) any changes in laws and regulations as provided in GCC 37 or</li> <li>(e) any default or breach of the Contract by the Employer, specifically including failure to supply the items listed in the corresponding Appendix (Scope of Works and Supply by the Employer) to the Agreement, or any activity, act or omission of any other contractors employed by the Employer or</li> <li>(f) any other matter specifically mentioned in the Contract by such period as shall be fair and reasonable in all the circumstances and as shall fairly reflect the delay or impediment sustained by the Contractor.</li> </ul>

- v. "obstructive practice" means acts intended to materially impede access to required information in exercising a duty under this Act;

#### 43.2.2 If the Contractor

- (a) has abandoned or repudiated the Contract
- (b) has without valid reason failed to commence work on the Facilities promptly or has suspended (other than pursuant to GCC 42.2) the progress of Contract performance for more than twenty-eight (28) days after receiving a written instruction from the Employer to proceed
- (c) persistently fails to execute the Contract in accordance with the Contract or persistently neglects to carry out its obligations under the Contract without just cause
- (d) refuses or is unable to provide sufficient materials, services or labour to execute and complete the Facilities in the manner specified in the programme furnished under GCC 19.2 at rates of progress that give reasonable assurance to the Employer that the Contractor can attain Completion of the Facilities by the Time for

Completion as extended, then the Employer may, without prejudice to any other rights it may possess under the Contract, give a notice to the Contractor stating the nature of the default and requiring the Contractor to remedy the same. If the Contractor fails to remedy or to take steps to remedy the same within fourteen (14) days of its receipt of such notice, then the Employer may terminate the Contract forthwith by giving a notice of termination to the Contractor that refers to this GCC 43.2.

43.2.3 Upon receipt of the notice of termination under GCCs 43.2.1 or 43.2.2, the Contractor shall, either immediately or upon such date as is specified in the notice of termination,

- (a) cease all further work, except for such work as the Employer may specify in the notice of termination for the sole purpose of protecting that part of the Facilities already executed, or any work required to leave the Site in a clean and safe condition
- (b) terminate all subcontracts, except those to be assigned to the Employer pursuant to paragraph (d) below
- (c) deliver to the Employer the parts of the Facilities executed by the Contractor up to the date of termination
- (d) to the extent legally possible, assign to the Employer all right, title and benefit of the Contractor to the Facilities and to the Goods as of the date of termination, and, as may be required by the Employer, in any subcontracts concluded between the Contractor and its Subcontractors
- (e) deliver to the Employer all drawings, specifications and other documents prepared by the Contractor or its Subcontractors as of the date of termination in connection with the Facilities.

43.2.4 The Employer may enter upon the Site, expel the Contractor, and complete the Facilities itself or by employing any third party. The Employer may, to the exclusion of any right of the Contractor over the same, take over and use with the payment of a fair rental rate to the Contractor, with all the

maintenance costs to the account of the Employer and with an indemnification by the Employer for all liability including damage or injury to persons arising out of the Employer's use of such equipment, any Contractor's Equipment owned by the Contractor and on the Site in connection with the Facilities for such reasonable period as the Employer considers expedient for the supply and installation of the Facilities.

Upon completion of the Facilities or at such earlier date as the Employer thinks appropriate, the Employer shall give notice to the Contractor that such Contractor's Equipment will be returned to the Contractor at or near the Site and shall return such Contractor's Equipment to the Contractor in accordance with such notice. The Contractor shall thereafter without delay and at its cost remove or arrange removal of the same from the Site.

43.2.5 Subject to GCC 43.2.6, the Contractor shall be entitled to be paid the Contract Price attributable to the Facilities executed as of the date of termination, the value of any unused or partially used Goods on the Site, and the costs, if any, incurred in protecting the Facilities and in leaving the Site in a clean and safe condition pursuant to paragraph (a) of GCC 43.2.3. Any sums due the Employer from the Contractor accruing prior to the date of termination shall be deducted from the amount to be paid to the Contractor under this Contract.

43.2.6 If the Employer completes the Facilities, the cost of completing the Facilities by the Employer shall be determined.

If the sum that the Contractor is entitled to be paid, pursuant to GCC 43.2.5, plus the reasonable costs incurred by the Employer in completing the Facilities, exceeds the Contract Price, the Contractor shall be liable for such excess.

If such excess is greater than the sums due the Contractor under GCC 43.2.5, the Contractor shall pay the balance to the Employer, and if such excess is less than the sums due the Contractor under GCC 43.2.5, the Employer shall pay the balance to the Contractor.

The Employer and the Contractor shall agree, in writing, on the computation described above and the manner in which any sums shall be paid.

43.3 Termination by Contractor

43.3.1 If

(a) the Employer has failed to pay the Contractor any sum due under the Contract within the specified period, has failed to approve any invoice or supporting documents without just cause pursuant to the corresponding Appendix (Terms and Procedures of Payment) of the Agreement, or commits a substantial breach of the Contract, the Contractor may give a notice to the Employer that requires payment of such sum, with interest thereon as stipulated in GCC 13.3, requires approval of such invoice or supporting documents, or specifies the breach and requires the Employer to remedy the same, as the case may be. (b) the Contractor is unable to carry out any of its obligations under the Contract for any reason attributable to the Employer, including but not limited to the Employer's failure to provide possession of or access to the Site or other areas or failure to obtain any governmental permit necessary for the execution and/or completion of the Facilities,

43.3.2 The Contractor may terminate the Contract forthwith by giving a notice to the Employer to that effect, referring to this GCC 43.3.2, if the Employer becomes bankrupt or insolvent, has a receiving

order issued against it, compounds with its creditors, or, being a corporation, if a resolution is passed or order is made for its winding up (other than a voluntary liquidation for the purposes of amalgamation or reconstruction), a receiver is appointed over any part of its undertaking or assets, or if the Employer takes or suffers any other analogous action in consequence of debt.

43.3.3 If the Contract is terminated under GCCs 43.3.1 or 43.3.2, then the Contractor shall immediately

- (a) cease all further work, except for such work as may be necessary for the purpose of protecting that part of the Facilities already executed, or any work required to leave the Site in a clean and safe condition

- (c) remove all Contractor's Equipment from the Site and repatriate the Contractor's and its Subcontractors' personnel from the Site.

  - (iii) deliver to the Employer all drawings, specifications and other documents prepared by the Contractor or its Subcontractors as of the date of termination in connection with the Facilities.

43.3.4 If the Contract is terminated under GCCs 43.3.1 or 43.3.2, the Employer shall pay to the Contractor all payments specified in GCC 43.1.3, and reasonable compensation for all loss, except for loss of profit, or damage sustained by the Contractor arising out of,

			<p>in connection with or in consequence of such termination.</p> <p>43.3.5 Termination by the Contractor pursuant to this GCC 43.3 is without prejudice to any other rights or remedies of the Contractor that may be exercised in lieu of or in addition to rights conferred by GCC 43.3.</p>
		43.4	<p>In this GCC 43, the expression "Facilities executed" shall include all work executed, Installation Services provided, and all Goods acquired (or subject to a legally binding obligation to purchase) by the Contractor and used or intended to be used for the purpose of the Facilities, up to and including the date of termination.</p>
		43.5	<p>In this GCC 43, in calculating any monies due from the Employer to the Contractor, account shall be taken of any sum previously paid by the Employer to the Contractor under the Contract, including any advance payment paid pursuant to the corresponding Appendix (Terms and Procedures of Payment) to the Agreement.</p>

4. AOB
5. Closing of the meeting

#### 1. Opening of the meeting:

The meeting was opened by the chairman of negotiation team at 9:30 AM, the chairman welcomed all members including the representative from Pacific Diagnostics Medical Imaging Solutions to introduce and familiarize themselves with one another, which they all complied. The chairman went on to explain the purpose of the meeting and proceeded to Agenda number 2.

## 2. Adoption of the Agenda

All agenda were read out and confirmed

## 3. Discussion on areas for technical and financial negotiation

The quoted price for the supply of these medical equipments were read out at the meeting to be 7,074,000,000.00 against the budget allocation of TZS 6,100,000,000, This necessitated to have the negotiation between ORCI and PACIFIC on price reduction.

The chairman explained on the error made by the Pacific on quoting only unit item per accessories required by the two needed MRI machine to which he confirmed to be an error/oversight, the chairman probed out on the need for the pacific to reduce the price of the MRI machine due to the budgetary issues, of which the pacific director complied by explaining the difference of what a bore hole size bring to an overall price, with 70 cm bore hole, there would be only a 2.5% reduction of price, simply because the magnetism and technicality of the machine with 70 cm is highly expensive.

Pacific director recommended on the team to adopt the 60cm bore hole machine with 1.5 Tesla, which has been adopted by other hospitals in the country participating in the project, of which their performance is incredibly outstanding. The advantage of taking the 60cm machine comes with reduction of 180,000 USD per single machine and all the quoted accessories will be supplied at zero price. Pacific will provide all quoted accessories they will supply online UPS.

Both Ocean Road Cancer Institute representative in the meeting and Mtwara Zonal Hospital, agreed on taking the 60cm bore hole MRI due to the highly imaging quality and value for money. (Mtwara Zonal Hospital letter of agreement attached).

General agreement reached, with the Budget of TZS **6,100,000,000**, the total costs for supplying both machine with 60cm bore hole was explained by the Pacific Director to be **USD 2,116,500** using a conversion rate of 2330 it become **TZS**
